COMUNE DI PADOVA

enclosed in the competition announcement. The arias must all be presented in their original language and performed from memory.

Art. 7 – CONVOCATION

Once it has been verified that all the criteria for enrolment have been met, the Secretary of the Competition will inform all eligible candidates by email or telephone of his/her enrolment and the precise day and time of his/her convocation, as well as his/her identification number.

Art. 8 – ORDER OF EXECUTION

On the day and at the time notified in the letter of convocation, the competitors must be present for verification of attendance. All competitors are requested to present themselves with an identity document and the identification number received with the convocation.

Art. 9 – REHEARSALS

The competition will consist of three parts: a qualifying contest, a semi-final and the public final, including a concert by the finalists.

- for the **qualifying round** competitors will have to perform one aria of the five they presented and, possibly, a second one at the request of the Panel of Judges;
- for the **semi-final** the competitors who have passed the qualifying contest will have to perform one or more arias, as requested by the Panel;
The competitors who certify that they have won a first, second or third award in the last three years in an equivalent international lyric competition, will be exonerated from the qualifying contest and directly admitted to the semi-final. Such competitors will still have to present the whole program. The exoneration certificate must be sent with the enrolment request; subsequent documents will be not accepted;
- no more than 10 competitors will be admitted to the **final**, which will take the form of a public concert. The admitted competitors will perform two arias chosen by the Committee in agreement with the Artistic Director. The arias will be performed accompanied by the Orchestra.

Art. 10 – CRITERIA

Valuation in the **qualifying round** will be made on the basis of the competitors' abilities. All singers who receive a majority of favorable votes will be admitted to the semi-final (in case of parity, the Chairperson's vote prevails). Valuation in the **semi-final** will be expressed as the arithmetical average of the numbered scores given by the Panel members, the highest and the lowest scores being excluded. The candidates with the highest averages will be admitted to the **final**. The final valuation will be the result of a merit classification expressed by the Panel of Judges.

The Panel of Judges may decide by a majority of votes not to assign the first award. There will be no ex-aquo.

The Panel's decisions are incontestable.

Art. 11 – COMMITTEE

The Committee will be composed of representatives from the international opera world. The Members of the Panel must not have family bonds or other sorts of affinity with any of the competitors. The Members of the Panel who have had a teaching relationship with any of the competitors during the last two years are requested to declare this before the beginning of the competition and abstain from judgment with regard to the competitors concerned. This will be explicitly mentioned in the minutes of the competition.

Due to organizational problems, it is impossible to ensure the presence of all the Panel Members during the semi-final of the competition.
